PROFESSIONAL SUMMARY

Data Analyst with hands-on training in Excel, SQL, Power BI, Python, and Tableau. Skilled in data cleaning, data visualization, dashboard development, report generation, and data-driven decision-making. Strong analytical and problem-solving abilities with experience working on real-world datasets.

SKILLS

Excel: Pivot Tables, VLOOKUP, XLOOKUP, Conditional Formatting, Charts, Dashboards

SQL: Joins, Subqueries, CTEs, Window Functions, Data Analysis

Power BI: Data Modeling, DAX, Interactive Dashboards, Power Query

Python: Pandas, NumPy, Matplotlib, Data Cleaning, Data Analysis

Tableau: Dashboard Creation, Data Visualization, Storytelling

Database: MySQL, SQL Server

Tools: Git, Jupyter Notebook, Power BI Desktop, Tableau Desktop

CERTIFICATION

Data Analyst Certification Program

Duration: 2 Months

Topics Covered:

- Advanced Excel for Data Analysis
- SQL for Data Querying and Reporting
- Power BI Dashboard Development
- Python for Data Analysis
- Tableau Visualization and Reporting

Skills Gained: Excel, SQL, Power BI, Python, Tableau, EDA, Data Visualization, Dashboard Development, and Business Intelligence.

PROJECTS

1. Blinkit Sales Analysis (SQL)

Tools: SQL, MySQL

- Analyzed Blinkit sales dataset to identify sales trends, product performance, and customer purchasing patterns.
- Used SQL queries, Joins, CTEs, Window Functions, Aggregate Functions, and Subqueries for data analysis.
- Generated insights on top-selling categories, revenue contribution, and outlet performance.
- Created reports to track sales KPIs and business growth metrics.

Key Skills: SQL, Data Cleaning, Data Analysis, Reporting, Business Intelligence

2. E-Commerce Sales Analysis (Python EDA)

Tools: Python, Pandas, NumPy, Matplotlib

- Performed Exploratory Data Analysis (EDA) on e-commerce sales data to identify sales trends and customer purchasing behavior.
- Cleaned and transformed raw datasets using Pandas.
- Analyzed revenue, orders, product categories, customer segments, and regional performance.
- Created visualizations to identify top-selling products and sales patterns.
- Generated actionable insights to support business decision-making.

Key Skills: Python, Pandas, Data Cleaning, EDA, Data Visualization, Business Analytics.

EDUCATION

Tagore Engineering College, Chennai- *B.E. (ECE)*

Year of Graduation: 2021
