About Me

UX/UI Designer with 6+ years of experience designing scalable, user-centered digital products across SaaS, healthcare, e-commerce, and AI-powered platforms. Strong in UX strategy, research, design systems, and end-to-end product design, with a proven track record of improving conversion, usability, and operational efficiency. Experienced in collaborating with cross-functional teams and mentoring design decisions from concept to delivery

Impact Highlights

- Improved booking completion by 28% through redesign of marketplace booking flows
- Reduced task time for core users by 45% using role-based dashboards
- Cut design iteration time by 30% by integrating AI tools (Figma AI, ChatGPT)
- Delivered UX solutions for multi-persona products (patients, doctors, admins, business users)

Key Skills

UX & Product Design

User-Centered Design (UCD), UX Strategy, Product Thinking, Information Architecture, User Journeys, User Flows, Wireframing, Prototyping, Design Systems, Accessibility (WCAG), Responsive Design

Research & Analytics

User Research, Usability Testing, Heuristic Evaluation, A/B Testing, Clickstream Analysis, Analytics-Driven UX, Personas, Empathy Mapping

AI in Design

AI-assisted Wireframing, AI-driven UX Insights, Explainable AI UX, Dashboard Recommendation UX, AI Personalization, Rapid Ideation, Figma AI, ChatGPT, FigJam AI

Tools & Prototyping

Figma | Adobe XD | Sketch | Axure RP | InVision | Balsamiq | Framer | Marvel App | Photoshop | Illustrator | InDesign | X-Mind (Brainstorming & Mind Mapping) | Miro

Technical & Collaboration

HTML/CSS Basics, Bootstrap, Design-to-Dev Handoff, Agile UX, Jira, Notion, Cross-functional Collaboration

Education

Bachelor of Computer Applications (BCA)

North East Frontier Technical University | 2018

Foundations of User Experience (UX) Design

Georgia Institute of Technology

Work Experience

Senior UI UX Consultant

Tiameds | Bengaluru | Feb 2026 – Present

- Led end-to-end UX/UI design for web and mobile applications, including user research, wireframing, prototyping, and high-fidelity UI design.
- Built and maintained scalable design systems using Figma, Auto Layout, components, variables, and design tokens to ensure consistency across products.
- Collaborated with product managers, developers, and stakeholders to deliver user-centric, accessible, and business-driven digital experiences.

Graphic Designer

Knowledge Splice Services | Bengaluru | Feb 2025 – Jan 2026

UX/UI Designer

Salubrious technologies | Bengaluru | Nov 2023 - Nov 2024

- Led end-to-end UX design for SaaS and healthcare platforms
- Integrated AI tools (Figma AI, ChatGPT) into workflows, reducing iteration cycles by 30%
- Conducted user research, journey mapping, and usability testing to inform UX strategy
- Designed responsive wireframes, prototypes, and high-fidelity UI in Figma
- Partnered closely with product managers and developers to align UX with roadmap goals

Flagship Project: Marketplace for Doctor

- Designed multi-role dashboards (patients, doctors, admins)
- Improved booking success and reduced operational friction

UX/UI Designer

Magik Junkies | Bengaluru | Sep 2022 – Oct 2023

UX/UI Designer

Abstrax Inc. | Bangalore | Jan 2015 – Dec 2017

Customer Service Representative

Sheikh Zayed Grand Mosque | Abu Dhabi, UAE | Jan 2020 – Jun 2022

Guest Service Agent

Etihad Airways | Abu Dhabi, UAE | Jan 2018 – Dec 2019

Business Development Executive

Apex E-Learning Technologies | Bangalore | Jul 2012 – Sep 2013

Key Case Studies

- Marketplace for Doctor – Multi-role healthcare marketplace (primary interview case study)
- Medicine Store Owner Platform – Telemedicine enablement for non-tech-savvy users
- AI Dashboard UX – AI-powered layout recommendation and customization experience

Certifications

- Foundations of User Experience (UX) Design – Coursera.
- Start the UX Design Process: Empathise, Define, and Ideate – Coursera.
- Designing Low-Fidelity Prototypes in Figma – Coursera.
- Build a Full Website Using WordPress – Coursera.
