LinkedIn: www.linkedin.com/in/sanket-kotabagi-739918277

SUMMARY

A dedicated AIML student aiming to utilize academic learning in artificial intelligence, machine learning, and allied technologies to solve real-world problems and gain hands-on experience in professional environments.

TECHNICAL SKILLS

- Programming Languages : Python, C (intermediate).
- Core CS Concepts : Data structures and Algorithms(DSA).
- Machine learning : Neural networks (CNN,RNN), Transfer learning.
- Data Analysis & Big data: SQL.
- Generative AI : Prompt Engineering,RAG Pipeline,Vector Databases,Embeddings LLM Applications,Agentic AI
- Frameworks: TensorFlow, PyTorch, Keras,LangChain,Hugging Face.
- Developer tools: Git, GitHub, Visual Studio Code.
- Soft Skills: Critical Thinking, Communication, Problem Solving, Time Management, Adaptability.

PROJECTS

Automated Pedestrian Detection & Activity Surveillance [GitHub Link]
Python, Image Processing, Random Forest, SVM, ML

- Developed a system to detect pedestrians and monitor suspicious activities using video/image data.
- Used image processing techniques for feature extraction and motion tracking.
- Implemented Random Forest and SVM classifiers to identify and classify human activities.

AI Powered -Study Companion [GitHub Link]
React.js, FastAPI, LangChain, ChromaDB, Groq LLM

- Built an AI-powered learning assistant that enables PDF-based question answering, summary generation, and quiz creation using a RAG pipeline.
- Integrated LangChain, ChromaDB, HuggingFace Embeddings, and Groq Llama 3.3 for intelligent. responses

AI-powered virtual mental health assistant [GitHub Link]
Python, Whisper, Audio Processing

- Designing an intelligent mental health support system using fine-tuned BERT and LoRA-based models for emotion recognition and intent tracking.
- The system utilizes the FER-2013 dataset for facial emotion recognition and the DAIR-AI/Emotion dataset for text-based emotion classification.

EDUCATION

Basaveshwar Engineering College, Bagalkot — **2022-2026**
Bachelor of Engineering, AIML — 7.76 CGPA

JSS R S Hukkerikar Science PU College, Dharwad — **2020-2022**
PUC,PCMB — 88.66%

Govt Adarsha Vidyalaya, Dharwad — **2019-2020**
SSLC — 86.56%

CERTIFICATION

- Data Science & Analytics,HP LIFE
- AWS Cloud Practitioner Essentials,AWS
- AI & Machine Learning Internship Completion – SuprMentr | 15 Weeks

ACTIVITIES

- Volunteered at District-Level Marathon. Helped with organizing and providing assistance to participants.
- Vice President - AIM(Association of Intelligent Minds), Department of AI&ML.
- April 2025 - Participated in InnovateX an 8 hour Hackathon.
