EDUCATION

Meenkashi College Engineering | 2022-2026

B.Tech Information Technology

GPA:8.0

INTERNSHIPS

1.Data Analysis Intern | Nov-Dec 2025

National Small Industries Corporation (NSIC)

- Analyzed structured datasets using Python (pandas) and SQL to identify trends and patterns.
- Created optimized SQL queries and cleaned data to generate actionable insights.

2.Machine Learning Intern| Jun-Jul 2025

Neural Transformers AI

- Preprocessed datasets and trained machine learning classification models using Python.
- Evaluated model performance and refined features for better classification accuracy.

PROJECTS

1 . IDENTIFYING THE EMOTIONS OF PARALYZED PERSONS USING DEEP LEARNING

- Developed a CNN-based real-time facial emotion recognition system to detect emotions such as happy, sad, angry, and fear from webcam-captured facial expressions.

2. MT599 CLASSIFIER (MACHINE LEARNING PROJECT)

- Built a basic MT599 message classifier using Python and Machine Learning techniques
- Performed data preprocessing and trained machine learning models.
